PRODUCT DESCRIPTION

Alu Clean is an easy way to remove scale and aluminium oxide.

It cleans, brightens, restores aluminium, stainless steel and other metals to their original lustre.

Ideal for:

- Trucks
- Wheels, panelling and bull bars
- Buildings
- Buses and trains
- Tanks
- Railings
- Air-conditioning condensers

Chemron

DIRECTIONS FOR USE

Dilutions: 1 part to 20 parts of water.

1. Clean off any loose matter.
2. Apply using a brush working from the bottom up.
3. Allow to dwell for 1 to 2 minutes, but do not allow to dry.
4. Rinse the area with water using a brush to assist with dirt removal if needed.
5. Repeat steps 2 to 4 if required.

Note:

- Perform a test on the material to be treated to gauge the reaction and suitability of dilution.
- Avoid contact with porcelain, glass and highly polished aluminium surfaces in heavy concentrations.
