RINSE AID

\$119.90 ~~\$119.90~~ (inc GST)

Rinse Aid is an outstanding commercial water spot remover for automatic dishwashers used in commercial kitchens and bars.

SKU: RIN-XU-0-021-CH-015-LTP

PRODUCT DESCRIPTION

Rinse Aid is an outstanding commercial water spot remover for automatic dishwashers used in commercial kitchens and bars.

This product contains a surfactant that reduces the surface tension of water, helping residual water to drain off faster without forming droplets that can leave visible marks on glass and mineral deposits after evaporation.

If you have noticed water spots on your glassware, when emptying your dishwasher, then Rinse Aid could be the solution. Add Rinse Aid to your dishwasher process taking care to follow the manufacturer's instructions.
