PRODUCT DESCRIPTION

D'Solve is a natural d-limonene solvent solution with universal application. It is often used to remove glues and adhesives, grease, oil, brake fluid, bugs and road grime etc.

D'Solve has many uses around the workshop, office and home. D'Solve works rapidly and leaves no residue.

This product may be used as a quick-break cleaner, with run-off into a holding pit where degreaser and waste will separate from greywater, to be safely disposed of later.

D'Solve is a highly effective replacement for REDD, Rapid Evaporating Degreaser, and D'Solve Excel.

If you have any questions about using D'Solve as a replacement for these retired products please call us or fill in the form below.

DIRECTIONS FOR USE

Dilution: Dilution is not required.

General cleaning

1. Clean off any loose matter.
2. Apply using a brush or sprayer.
3. Agitate with a cloth or brush if necessary.
4. Allow to dwell for 5 to 10 minutes, but do not allow to dry.
5. Rinse the area with water.
6. Repeat steps 4 to 5 if required.

Electrical equipment and machinery

1. Isolate all electrical equipment and machinery before applying.
2. Apply using a brush or sprayer.
3. Allow to air dry and then wipe with a lint-free cloth or brush it clean.
4. Ensure equipment is dry before re-establishing the electrical connection.
