WONDERSOLVE

\$110.00 – \$364.00

Specially formulated petroleum solvent degreasing solution that, due to alcohol ethoxylate, thickens when water is added. This enhancement means the solution has greater 'clinging' qualities and retention time.

It dissolves and removes tar, grease, road film, asphalt, soils, waxes.

PRODUCT DESCRIPTION

Wondersolve is a specially formulated degreasing solution that has the addition of alcohol ethoxylated. As a result of this addition, the solution thickens when water is added providing greater retention time that leads to outstanding degreasing results.

Wondersolve combines the power of a petroleum solvent with the economy of water dilution.

Product Features:

- Dissolves and removes tar, grease, road film, asphalt, soils and waxes
- A longer retention time for thorough penetration and greater cleaning
- Easy to apply by brush, mop or spray

Ideal for:

- Wax
- Grease
- Tar
- Soot
- Asphalt
- Soils

Chemron

DIRECTIONS FOR USE

Dilution: 1 part to 4 parts water.

1. Remove any loose contamination.
2. Use a pressure washer where applicable.
3. Add water to the concentrate, stirring to ensure a uniform mixture as the product thickens when water is added.
4. Apply using a brush, mop or sprayer.
5. Allow to dwell for 5 to 10 minutes, but do not allow to dry.
6. Agitate with a sponge, cloth or soft bristle brush if necessary.
7. Thoroughly rinse the area with water. Preferably use a pressure washer.
8. Repeat steps 3 to 6 if required.
