PRODUCT DESCRIPTION

My T Hands - Lemon is a heavy-duty industrial hand-wash formulation that contains special surfactants and polymer beads.

Most hand cleaners effective enough to remove industrial and automotive grease, oil and grime are based on petroleum solvents. My T Hands - Lemon delivers the cleaning power of a petroleum solvent but without the solvent. The absence of solvents reduces unpleasant odours and defatting of the skin, resulting in a safer more acceptable wash, free of residue.

Product Features:

- Contains special surfactants that dissolve and emulsify grease and oils.
- Superfine 4-micron beads remove stubborn paints and two-pack epoxies.
- Suitable for use in AQIS-inspected meat and food processing plants.

Chemron

DIRECTIONS FOR USE

1. Apply a small amount (one pump) to dry hands.
2. Rub into hands well to loosen all soilings.
3. Rinse well with clean running water.
4. Dry hands thoroughly.
5. Resume normal duties.
6. Repeat as required.
