NON-RINSE QUICK-DRY SANITISER

\$63.80 \$63.80 (inc GST)

Concentrated, food-safe, non-rinse quick-dry sanitiser, suitable for use on all surfaces in food processing.

- Complies with HACCP and GMP guidelines
- Suitable for use in all Australian food manufacturing plants

SKU: NRS-XU-8-019-SF-015-LTP

PRODUCT DESCRIPTION

Non-Rinse Quick-Dry Sanitiser formula includes fifth-generation quaternary ammonium, which has greater germicidal performance in harsh conditions than previous generations and is safer to use.

- Quick-dry formulation: dries in 60 seconds
- Concentrated: easier storage and transport
- Economical: can be used at 1:500 dilution
- No rinsing
- No contamination risk
- Made in accordance with HACCP and GMP guidelines
- Suitable for use in all Australian food manufacturing plants

Non-Rinse Quick-Dry Sanitiser is a highly effective replacement for Regulate.

If you have any questions about using Non-Rinse Quick-Dry Sanitiser as a replacement for Regulate please call us or fill in the form below.

Chemron

DIRECTIONS FOR USE

1. Apply to previously cleaned surfaces.
2. Apply at concentrations of 2 ml to 4 ml per litre using fog, spray, foam or manual methods.

Note: This product is not compatible with anionic detergents which must be rinsed off with potable water prior to sanitisation.
