Aqua Purge

Tank and boom spray cleaner

A powerful spray tank cleaner formulated to efficiently remove pesticide, herbicide and chemical residues.

With a potent blend of ingredients, it ensures thorough cleaning, leaving your spray tank contaminant-free.

Easy to mix and use. A reliable choice for maintaining equipment and optimising agricultural productivity.

Applications:

- Boom sprays
- Foam generator units
- Knapsacks and back misters
- Orchard sprayers
- Aircraft

General Precautions:

1. Before handling the product, wear appropriate personal protective equipment (PPE) such as gloves and safety goggles.
2. Avoid direct contact with skin and eyes. If contact occurs, rinse immediately with plenty of water and seek medical attention if irritation persists.
3. Use Aqua Purge in a well-ventilated area to prevent inhaling fumes or vapours.
4. Keep Aqua Purge out of reach of children and pets. Store the product in a cool, dry place, away from direct sunlight and heat sources.
5. For detailed safety information and emergency procedures, refer to the product label and Safety Data Sheet (SDS).

Directions for Use:

BOOM SPRAYS:

Routine Cleaning:

1. Prior to spraying or between spray sessions, dilute 1 litre of Aqua Purge concentrate in 100 litres of water.
2. Flush 10 litres of this mixture through each nozzle.
3. Allow it to sit for up to 30 minutes.
4. Repeat the process.

Decontamination of Stubborn Residues:

1. For hard-to-clean residues, dilute 3 litres of Aqua Purge concentrate in 100 litres of water.
2. Flush 10 litres of this mixture through each nozzle.
3. Allow it to sit for up to 30 minutes.
4. Repeat the process.

Final Rinsing:

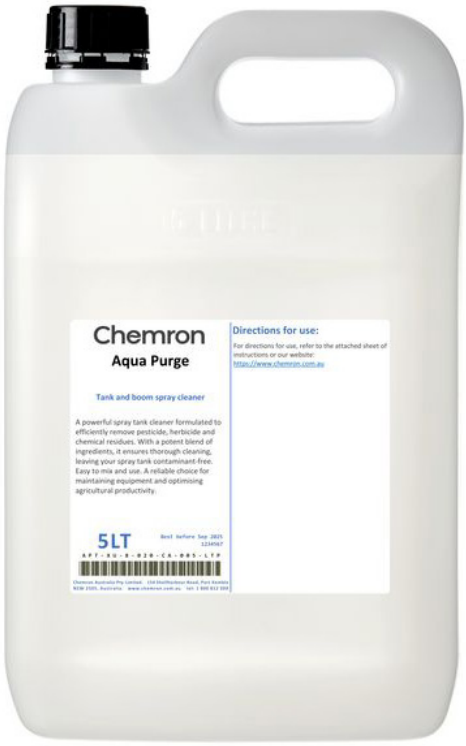
1. After using Aqua Purge, thoroughly rinse all equipment with clean water.

Features

- Effectively reduce calcium & scale build-ups
- Dissolves all residues
- Cleans & Disinfects
- Low Foaming
- Safe to use on most metal & Plastic Parts
- Lubricates Pumps

Pack sizes:

5L • 15L



Aqua Purge

Tank and boom spray cleaner
